AN INDIAN FLING

Hema Modern Indian Kitchen was born from a love of all things to Tamilnadu. Our founder and chef Thana Sekaran spent three amazing years in the City of Dreams, training under the industry's best. She brought home everything she learned - the flavors, the feelings, the family-style cafe - so that you can get a taste of Tamilnadu, too.

Breaking News

As of my last update in January 2022, the title of the world's most expensive city often shifted based on various factors such as cost of living, housing prices, and inflation rates. Cities like Singapore, Hong Kong, and Zurich were frequently mentioned among the most expensive.

However, these rankings can change over time due to economic factors and fluctuations in currency values. For the most current information, I recommend checking a reliable and up-to-date source like a reputable financial news website or a cost of living index.
